EQUAL EDUCATIONAL OPPORTUNITY

Federal and state laws prohibit discrimination on the basis of race, color, national origin, gender, religion, or disability. South Ridge High School provides a nondiscriminatory learning and work environment ensuring that all students and staff are free from unlawful discrimination. A lack of English language skills will not be a barrier to admission and participation in the education programs of the school. This commitment extends to all school programs and school sponsored events. A full copy of the grievance procedure is available from the school leader.

In the event a student experiences discrimination, the student should report the incident to the school leader within ten (10) school days. The inability of a student to speak English should not prevent the student from reporting a violation. Every reasonable measure to interpret a non-English speaker's concerns will be taken.

The following individual has been designated to handle inquiries regarding the non-discrimination policies:

ATTENDANCE

Attendance Requirements and Policy

South Ridge High School's program uses a unique 4 class by 4 quarter schedule system. During the regular school year, we offer four quarters as reflected on the school calendar. During each quarter, the student is enrolled in four courses. Each course meets five days a week (Monday through Friday) for approximately 90 minutes. At the end of each quarter, earned credits for core and elective courses are applied to the transcript. Each quarter consists of approximately 45 class days. **Arizona law requires that a student attend 90% of the time to receive credit.**

Attendance is mandatory. During a 45 day quarter, if a student accumulates more than three unexcused absences during the quarter, the student may receive a letter grade of "F" in the class. If a student misses more than ten consecutive, unexcused days of classes, then she/he is dropped from school and must re-enroll in South Ridge High School.

All absences should be phoned into the office on the day of the absence. SRHS will call home for all absences – regardless of the reason. If you would like to request homework for the student, please inform the school when contacted regarding absences. SRHS may be able to email homework or have the homework ready for a parent to pick up at 3pm.

Excused Absence: If an illness or emergency occurs that keeps the student from attending school, the parent or guardian must contact the school and explain the reason for missing classes and provide any corresponding documentation. When the student returns, he/she is responsible for completing all work and time missed within one week. In the event of a hospitalization or doctor's appointment, South Ridge High School requires an original signed note from the healthcare provider.

If an extended absence should occur, the student must arrange a meeting with parents and school administration to discuss the coursework and class time missed prior to returning to school. Students with a chronic health condition need to have completed a chronic health condition form (available online).

Students should not be signed out early during the last week of a quarter. This is the time when final exams/projects are distributed and completed. Missing class or leaving early can jeopardize a student's ability to receive a passing grade in a course. **If student misses a final exam, they will receive a zero on the final exam. The only exception is hospitalization, documented illness with signed note from the healthcare provider or documented family emergency, as determined by the discretion of SRHS principal or assistant principal.**

When you have messages, materials, lunch money, etc., for a student, please bring them to the school office and school personnel will deliver these to the student. Please try to schedule appointments outside of the instructional day.

In order to receive credit for a course, the student must attend class and complete all work required at a level that is acceptable by the teacher. The schedule for make-up work is as follows:

- Make-up work – A student has 2 days for each absence to complete missed assignments. Make-up privileges shall not exceed one (1) week without written approval.
- Missed test – Scheduled test will be administered on the day the student returns to class.
- Missed quiz – Pop or announced quizzes will be made up at the teacher's discretion.
- Truancy – Student will complete any missed assignments. Credit will be awarded at the teacher's discretion.

Signing Students In/Out

When signing late, students into school, please sign in at the front desk. When signing a student out of school, please have identification available. Students will only be released to leave school to individuals noted on student's contact list as "OK to pick up."

Tardies: Students arriving after the start of class must sign in and will not be permitted to class without a late pass from the Office. Additionally, students who are tardy for classes will be asked to assist with campus cleanup which is a form of community service codified under ARS 15 – 841I. This community service will take place during lunch or after school. Three tardies are equal to one absence. Students arriving more than 20 minutes late for class may not be permitted to attend class.

Supervision of Students

South Ridge High School has office hours from 7:30 am to 5:00 pm. Students will need to leave campus when the office closes unless otherwise instructed.

Parent Involvement

South Ridge High School welcomes and encourages parent involvement. We recognize and value a variety of ways that parents can be meaningful partners in the education of their children. There are many opportunities for you to be involved in your student's education. Meaningful parental involvement is achieved when parents participate in supporting student learning at home, are involved in school-related decision making, and parents support school-related activities. South Ridge High School continuously works to achieve this goal in order to meet Federal and State requirements. South Ridge High School has developed a Parent Involvement Policy in collaboration with parents. This policy is available for your review upon request at the school office and on the school website.

STUDENT RECORDS AND CONFIDENTIALITY

(Annual Notification of Confidentiality Rights Regarding Education Records of Students with Disabilities and Their Parents)

South Ridge High School has established written policies regarding the collection, storage, retrieval, use and transfer of student educational information collected and maintained pertinent to the education of all students to ensure the confidentiality of the information and to guarantee parents'/guardians' and students' rights to privacy. These policies and procedures are in compliance with federal and state laws.

The Family Education Rights and Privacy Act (FERPA) affords families and majority age students rights to their education records. These rights are as follows:

Right to Inspect and Review

Parents have the right to inspect and review a student's education records within 45 days from the day the school receives a request for access. Requests should be submitted in writing to the school leader and identify the records to be inspected. The school leader will make arrangements for access and notify the parent of the time and place where the records may be inspected.

Right to Amend Education Records

Parent may request to have their student's educational records amended if they believe the information is inaccurate or misleading or otherwise in violation of the student's privacy rights. The request should be made in writing to the school leader, clearly identifying the part of the record the parent(s) want changed and specifying why it is inaccurate or misleading. If the School decides not to amend the record as requested, the parent(s) will be notified of their right to a hearing regarding the request for amendment.

Additional information regarding the hearing procedure will be provided to the parent(s) when notified of the right to a hearing. After the hearing, if the School still decides not to amend the record, the parent or eligible student has the right to place a statement with the record setting forth his or her view regarding the contested information.

Right to Consent to Disclosure

Parent(s) or eligible students have the right to require their consent to disclosure of personally identifiable information contained in the student's education records by the prior written consent of the parent(s) or eligible student(s), except to the extent that FERPA authorizes disclosure without consent.

One exception, which permits disclosure without consent, is disclosure to school officials with legitimate educational interests. A school official is a person employed by the school as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel) or a person serving on the school board. A school official also may include a volunteer or contractor outside of the school who performs an institutional service of function for which the school would otherwise use its own employees and who is under the direct control of the school with respect to the use and maintenance of personally identifiable information from education records, such as an attorney, auditor, medical consultant, or therapist; a parent or student volunteering to serve on an official committee, such as a disciplinary or grievance committee; or a parent, student, or other volunteer assisting another school official in performing his or her tasks. A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility.

Right to File a Complaint

A parent or eligible student has the right to file a complaint with the Family Educational Rights and Privacy Act Office in Washington D.C., if they believe that the district has violated the provision of FERPA. If a family or majority age student wishes to file a complaint alleging a FERPA violation, he or she should first contact the school leader. If a reasonable solution is not made at the school level the complainant has the right to file a complaint with the U.S. Department of Education.

The name and address of the office that administers FERPA is:

Family Policy Compliance Office
U.S. Department of Education
400 Maryland Avenue, SW
Washington, D.C. 20202

NOTICE FOR RELEASE OF STUDENT DIRECTORY INFORMATION

The Family Educational Rights and Privacy Act or "FERPA" requires that the School obtain your written consent to release any personally identifiable information or educational records concerning your child. FERPA provides many exceptions to the written consent requirement; one of which is an exception for information designated as "directory information."

Directory information is information that is that is generally not considered harmful or an invasion of privacy if released. Directory information can include items such as, but not limited to, names, addresses, phone numbers, honors and awards, participation in school activities and sports, and other similar information. Before the School may release directory information without your written consent, it must first inform you of those items that the School will designate as directory information, and provide you an opportunity to opt-out. It is important to the School that it balances safeguarding your child's information with ensuring that your child is informed of various opportunities and activities. Therefore, the School has decided to designate the following information as "directory information" (information that can be released without your written consent):

- Student's name
- Student's photograph
- Student's grade level
- Student's honors and awards received
- Student's participation in officially recognized activities and sports within the School

If you opt-out of having your child's directory information released, your child may also miss opportunities to be on vendor lists for graduation announcements, yearbook opportunities, or other student lists for participation in clubs and activities, or his/her achievements may not be publicized in School announcements. Another item to consider is that State and Federal law require that if directory information is released to persons or organizations who inform students of educational or occupational opportunities, then, the School is also required to provide the same access to official military recruiting representatives for the purpose of informing students of educational and occupational opportunities available to them in the military. However, you can request in writing that the School not release the student's directory information without your prior signed and dated written consent. If you do not object in writing to the release of any or all directory information, then the School must provide military recruiters, upon request, directory information containing the student's name, address, and telephone listing.

If you do not want any or all directory information about your student to be released to any person or organization (including School groups) without your prior signed and dated written consent, you must notify the School in writing using the opt-out form located at the end of this Handbook and returning it to your student's school, within two (2) weeks of receiving this form, or by October 31st, whichever occurs first. If the School does not receive notification from you on the form found at the end of this Handbook within the prescribed time, the School will assume that your permission is given to use the directory information as described above.

NOTIFICATION OF RIGHTS UNDER THE PROTECTION OF PUPIL RIGHTS AMENDMENT

3. Activities involving collection, disclosure, or use of personal information obtained from students for marketing or to sell or otherwise distribute the information to others.

Inspect, upon request and before administration or use -

1. Protected information surveys of students;

3. Instructional material used as part of the educational curriculum.

These rights transfer to from the parents to a student who is 18 years old or an emancipated minor under State law.

South Ridge High School has developed and adopted policies, in consultation with parents, regarding these rights, as well as arrangements to protect student privacy in the administration of protected information surveys and the collection, disclosure, or use of personal information for marketing, sales, or other distribution purposes. **South Ridge High School** will directly notify parents of these policies at least annually at the start of each school year and after any substantive changes. **South Ridge High School** will also directly notify, such as through U.S. Mail or email, parents of students who are scheduled to participate in the specific activities or surveys noted below and will provide an opportunity for the parent to opt his or her child out of participation of the specific activity or survey. **South Ridge High School** will make this notification to parents at the beginning of the school year if the school has identified the specific or approximate dates of the activities or surveys at that time. For surveys and activities scheduled after the school year starts, parents will be provided reasonable notification of the planned activities and surveys listed below and be provided an opportunity to opt their child out of such activities and surveys. Parents will also be provided an opportunity to review any pertinent surveys. Following is a list of the specific activities and surveys covered under this requirement:

- Collection, disclosure, or use of personal information for marketing, sales or other distribution.
- Administration of any protected information survey not funded in whole or in part by ED.

SERVICE ANIMALS

Service animal means any dog or miniature horse that is individually trained to do work or perform tasks for the benefit of an individual with a disability, including a physical, sensory, psychiatric, intellectual or other mental disability. Service animal does not include other species of animals, whether wild or domestic or trained or untrained.

South Ridge High School does not discriminate against individuals with disabilities who use service animals if the work or tasks performed by the service animal are directly related to the individual's disability. Work or tasks include assisting individuals who are blind or have low vision with navigation and other tasks, alerting individuals who are deaf or hard of hearing to the presence of people or sounds, providing non-violent protection or rescue work, pulling a wheelchair, assisting an individual during a seizure, alerting individuals to the presence of allergens, retrieving items such as medicine or the telephone, providing physical support and assistance with balance and stability to individuals with mobility disabilities and helping individuals with psychiatric and neurological disabilities by preventing or interrupting impulsive or destructive behaviors. The crime deterrent effects of an animal's presence and the provision of emotional support, well-being, comfort or companionship do not constitute work or tasks.

Individuals with disabilities shall be permitted to be accompanied by their service animal in all areas of the School's facilities where members of the public, participants in services, programs or activities, or invitees are allowed to go. A service animal may be excluded from the School if one or more of the following apply:

- The animal fundamentally alters the nature of the School, services or activities provided.
- The animal poses an undue burden.

A service animal shall be under the control of its handler. A service animal shall have a harness, leash, or other tether, unless either the handler is unable because of a disability to use a harness, leash or other tether or use of the harness, leash or other tether would interfere with the service animal's safe, effective performance of work or tasks, in which case the service animal must be under the handler's control. The School shall not be responsible for the training, feeding, grooming. The School must approve any person who is authorized by the owner to assist in care and supervision of the service animal while on school property.

A request for an individual with a disability to be accompanied by a service animal must be submitted to the school leader at least three (3) school days prior to bringing the service animal to school or to a school function. Forms are available by contacting the school office.

Service dog requests must provide proof of the following vaccinations: DHLPPC (distemper, hepatitis, leptospirosis, parainfluenza, parvovirus, and coronavirus) bordetella, rabies. Although the law allows exemptions, if an outbreak of any of the diseases covered by required immunizations occurs, the Maricopa County Health Department may require that students who are not immunized be excluded from school for the duration of the outbreak.

develop a Chronic Illness Plan to ensure that absences due to the chronic condition are not subject to school attendance policies and to provide ways to furnish missed work or instructional materials during your student's absences.

INSTRUCTION AND LEARNING

Assessment of Learning

Students at South Ridge High School are assessed to ensure that they are acquiring skills and being challenged academically. To measure the achievement of all students, school-wide assessments are administered throughout the year. Each student's performance on the school-wide assessments is measured against his/her own previous performance. Results of these assessments in language arts and mathematics are used to make needed programming changes and provide additional support to students through intervention programs. Results are also made available to teachers, parents, and students so that everyone can work together to help ensure that all learning goals are met for every student. Students with disabilities participate in all state and school assessments and may be administered more individualized evaluations or assessments by appropriate professionals for the purpose of determining eligibility and providing specialized instruction under the Individuals with Disabilities Education Act (IDEA).

The following outlines required state assessments and our school-wide assessments:

ParentVue & StudentVue let schools make grades and other information available online for parents & students. This web-based program allows teachers the opportunity to put classroom data online so that authorized students, parents and staff can access student information securely. To activate your child's account request an activation code from the front office. The portal can be reached from the South Ridge High School website; www.southridgeprep.com - link is on the front page.

STUDENT CODE OF CONDUCT AND EXPECTATIONS

Discipline Philosophy

Respect and mature conduct in the school is of primary importance to staff members, parents/guardians, and other students. The maintenance of orderly conduct of students is necessary in every school situation to ensure the health and safety of all and to maximize learning. Effective discipline through Positive Behavioral Interventions and Supports (PBIS) is a necessity for quality education.

South Ridge High School's fundamental philosophical basis of effective discipline is that students are responsible for their own actions and are expected to show respect and consideration for the right of others. These high expectations are the basis upon which our South Ridge High School Bill of Rights and Responsibilities is formulated.

In addition to appropriate behavior at school, students are expected to exhibit proper behavior on their way to school, on their way home, and when participating in school activities.

Bill of Rights and Responsibilities

- Everyone has the right to live safely
- Everyone has the right to learn

- Everyone has the responsibility to be polite and respectful
- Everyone has the responsibility to be honest
- Everyone has the responsibility to use time wisely
- During the interview for enrollment, a student agreement/contract will be reviewed by the school designee and signed by the parent and student to verify that they have been made aware of the rules of the school.

School Rules and Student Expectations*

The following rules and procedures are enforced at South Ridge High School for the purpose of maintaining a safe, drug-free learning environment:

1. **Zero Tolerance for Fighting, Harassment, Threats and Intimidation.** South Ridge High School strictly enforces a zero-tolerance policy on any fighting, bullying, threats, or intimidation. This includes threats, intimidation, or the commission of acts of violence through any means, including electronically. Endangering the health and safety of another is grounds for suspension, expulsion, and/or criminal prosecution.
2. **Zero-Tolerance for Theft.** Any kind of theft will not be tolerated on campus or in the school community. Theft is grounds for suspension, expulsion and/or criminal prosecution.
3. **Abuse of any Staff.** In order to maintain a safe, orderly school environment, the authority of school staff members acting in their official capacity must be respected. For this reason, any form of verbal or physical abuse of staff will be treated as a serious offense warranting suspension or expulsion. If concern about a staff member's exercise of authority cannot be satisfied in direct, appropriate discussion with the individual, that concern should be brought to the attention of the administration.
4. **Students must attend school and arrive promptly.** When arriving on campus, students should report immediately to the school courtyard. South Ridge High School operates on a Quarter Schedule. Each Quarter consists of approximately 45 class days. In order to receive credit for a course, students must attend class and complete all work required at a level that is acceptable by their teacher. Any student who has excessive tardies and/or absences may lose course credit, be suspended and even expelled from school. (ARS 15-841). For more information, refer to the school attendance requirements.
5. **Closed Campus Policy.** For the safety of the students, South Ridge High School has a closed campus. Students must remain on school grounds at all times, including the break between classes. Students who become ill or have an emergency must report to the office, receive parent/guardian (if under the age of 18) and administrative permission, and sign out before leaving the campus. The office may deny permission to leave campus. Failure to obtain permission to leave campus will be considered truancy and will result in an unexcused absence and disciplinary action.
6. **Telephone Calls.** Students may not receive or make phone calls and/or text messages during class hours. If you need to contact your student, please phone the front office and the front office personnel will get a message to the student's classroom teacher. Emergency calls from parents will be taken by the front office and the student will be informed immediately. Teachers are available for phone calls before or after school time.
7. **Electronic Devices.** Electronic devices such as cell phones, mp3s, gaming devices, and iPods are to be turned off during school hours. Use of cell phones is not permitted inside any school building and is limited to student break times. The only exception is for research or use of calculator function only at the discretion and with permission of the teacher. Disciplinary action will be taken against anyone who violates this policy. If a student has a need for a recorder in class, a note must be obtained from the teacher and the recorder checked in through the Assistant Principal's office. SRHS is not responsible for lost or stolen electronic devices.
8. **Appropriate Attire is required.** Students are expected to wear appropriate attire during the school day and at all school sponsored activities. Any attire, which is inappropriate or distracts from the school program, will not be tolerated. These guidelines should be followed: **The body shall be adequately covered. Short shorts, bathing suits, bare chests, halter tops, tube tops, tank tops, undershirts, bare midriffs, mesh or sheer garments, leggings, tights, yoga pants etc. are not considered adequate coverage.**
 - Students will not wear jerseys, numbers, cities, or state names.

- Students will not wear sagging or excessively baggy clothing. Pants and shorts must be pulled up to the waist.
 - Profane or disrespectful writing on clothing or jewelry is not acceptable.
 - Pictures and/or words on any garment must be in good taste with nothing that is obscene, vulgar, or that promotes anything that is illegal.
 - No hats are permitted to be worn on campus. Beanies and handkerchiefs may not be worn whatsoever. Hats with sports teams and/or sports team logos are not allowed.
 - School administration has the sole discretion to determine attire that is inappropriate.
 - Violation of the dress code will result in the student changing their clothes; parents/guardians will be contacted, and may lead to further disciplinary action.
9. **Public Display of Affection (PDA).** The school recognizes that genuine feelings of affection may exist between students; however, students should refrain from inappropriate, intimate behaviors on campus or at school related activities. Students are expected to show good taste and conduct themselves as ladies and gentlemen at all times. **Disciplinary action taken will be determined on an individual basis and the severity of the offense.** The expression of feelings of affection toward others is a personal concern between two individuals and not of others surrounding them. Therefore, let good taste and respect for others be a guideline for appropriate behavior. Being overly affectionate in school is not in good taste and will not be allowed.
10. **Backpacks.** Students may bring backpacks or oversized purses/bags to school. Students are expected to assume full responsibility for the contents of their backpacks/bags; students are discouraged from bringing valuables to school. Backpacks/bags may be subject to random search.

Any student found to bully, harass, or intimidate another student from the school will face disciplinary action, up to and including suspension or expulsion from South Ridge High School. (A.R.S. 15-841) Students who intentionally make a false report of bullying, harassment, or intimidation may also face disciplinary action. (A.R.S. 15-841) Cyber bullying of any kind shall not be tolerated whether on campus or off. Cyber Bullying is the use of information and communication technologies such as e-mail, cell phone, text messages, instant messaging (IM), personal websites, social medias and online personal pooling web sites, whether on or off school campus to willfully and repeatedly harm either a person or persons through the medium of electronic text, photos, or videos.
12. **The “Good Neighbor” Policy** – Student conduct within the school community. School rules and other reasonable expectations for student behavior are extended to include student conduct while going to and from school. This includes the responsibility to observe traffic and pedestrian laws and the responsibility to act as a good neighbor, respecting the safety, welfare, and property of others while going to and from school. Failure to act as a good neighbor within the school community may result in disciplinary action
13. **Off Campus Events.** Off campus events are considered an extension of the SRHS campus and any violation at an off campus event will be treated as if the violation occurred on campus.

*All school rules and expectations are explained in greater detail in the enrollment packet which each student signed upon enrollment.

Definitions

Bullying is defined as a real or perceived imbalance of power with the more powerful student or group attacking those who are less powerful. Bullying can be physical in form (e.g., pushing, hitting, kicking, spitting, stealing); verbal (e.g., making threats, taunting, teasing, name-calling); or psychological (e.g., social exclusion, spreading rumors, manipulating social relationships).

Bullying may occur when an individual or group engages in any form of behavior or aggression that includes such acts as intimidation and/or harassment that:

- has the effect of physically harming an individual, damaging an individual’s property, or placing an individual in reasonable fear of harm or damage to property;
- is sufficiently severe, persistent or pervasive that the action, behavior, aggression, or threat creates an intimidating, threatening, hostile or abusive environment in the form of physical or emotional or psychological harm or distress;
- behavior, aggression or threat occurs repeatedly over time; occurs when there is a real or perceived imbalance of physical, emotional or psychological power or strength; or
- may constitute a violation of law

Cyberbullying is, but is not limited to, any act of bullying or harassment committed by use of electronic technology or electronic communication devices, including telephonic devices, social networking, and other Internet communications, on school computers, networks, forums and mailing lists, or other District-owned property, and by means of an individual’s personal electronic media and equipment.

Harassment is behavior by an individual or group that consists of systematic and/or continued unwanted and annoying actions, including threats and demands. Harassing conduct may take many forms, including verbal acts and name-calling (e.g., bullying); graphic and written statements, which may include use of cell phones, social-media or the Internet (e.g., cyberbullying); or other conduct that may be physically threatening, harmful, or humiliating. Harassment does not have to include intent to harm, be directed at a specific target, or involve repeated incidents. Harassment creates a hostile environment when the conduct is sufficiently severe, pervasive, or persistent so as to interfere with or limit a student’s ability to participate in or benefit from the services, activities, or opportunities offered by a school. Harassment based on

race, disability, sex, religious orientation, sexual orientation, cultural background, economic status, size or personal appearance may violate an individual's civil rights when such harassment is sufficiently serious that it creates a hostile environment and such harassment is encouraged, tolerated, not adequately addressed or ignored.

Intimidation is intentional behavior by a student or group of students that places another student or group of students in fear of harm of person or property. Intimidation can be manifested emotionally or physically, either directly or indirectly, and by use of social media.

Confidential Reporting

Students and parents/guardians have the right to confidentially report in writing to school administrators, teachers, or other staff members' instances of bullying, harassment, and intimidation (A.R.S. § 15- 341(A)(37)). These reports will be shared with appropriate school officials so that appropriate steps can be taken to ensure that all students have a learning environment that is safe emotionally, mentally, and physically. Reports must be made within thirty (30) calendar days of the last incident.

Reporting Incidents of Bullying or Hazing

Students and others should report any incidents of bullying to a teacher, school administrator or any other school employee (i.e., educational assistant, receptionist, etc.). It is mandatory that school employees report any incidents of bullying in writing to school administration. Students who cannot immediately file a report must do so within thirty (30) calendar days of the last incident. The school employee receiving the report/complaint who believes a student has been subjected to bullying or personally witnesses bullying shall:

- Check to see if an outside agency needs to be contacted (i.e., Department of Child Safety or law enforcement).
- Have the student complete a Student Concerns, Complaints, and Grievances Form. An adult may assist the student in completing the Student Concerns, Complaints, and Grievances Form if necessary.
- At a minimum, the report/complaint shall be put in writing containing the identifying information on the complainant and such specificity of names, places and times as to permit an investigation.
- When a school employee receives the information, the employee will give the information to the school administrator no later than the next school day following the day of the report/complaint.

Procedures for Investigation of the Report/Complaint

A school administrator shall investigate the incident or the activity within ten (10) instructional school days. Extension of the timeline may only be by necessity as determined by the Vice President of Academic Support. A school administrator shall check to see if an outside agency needs to be contacted (i.e., Department of Child Safety or local law enforcement authorities). A school administrator shall complete a Student Discipline Referral form if the student is found to have violated the bullying policy.

Any student who has committed the act of bullying/harassment/intimidation, intentionally files a false report or has retaliated against another who has participated in any manner in an investigation, proceedings or hearing conducted in response to an investigation of bullying, will be subject to consequences in accordance with the school's code of conduct and ARS 15-341(37).

All violations of this policy shall be treated in accordance with the appropriate procedures and penalties provided for in school policies related to the conduct and discipline of students, staff, and others. A complaint may be withdrawn at any time. If the person chooses to re-file the complaint, it must be re-filed within 30 calendar days of the original incident

Informal Due Process

1. The student is told what he/she is accused of doing and the evidence that exists to support the allegation. The student is then given the opportunity to explain his/her version of the situation.
2. The School Leader will make reasonable efforts to verify facts and statements prior to making a decision regarding the discipline.
3. The School Leader may immediately suspend a student whose presence creates a danger to self or others.

Decision Regarding Discipline:

1. After the informal due process, the School Leader may:

- a. Immediately impose a short-term suspension

5. The hearing may be rescheduled: (1) upon request of the parent(s)/guardian(s) or the administration, if good cause is shown; (2) upon written agreement of the parties; or (3) as deemed necessary by the hearing officer.

Governing Board Decision:

1. The Governing Board may affirm the decision of the Hearing Officer, schedule another hearing, modify the recommended disciplinary action, or take other appropriate action.
2. If the Governing Board affirms the long-term suspension, the suspension shall become effective the day after the Governing Board makes its decision. The Governing Board's decision is final.
3. Written notice of the decision shall be provided to the parent(s)/guardian(s).

Expulsion

Expulsion is the permanent exclusion of a student from school unless the governing board reinstates the student's privilege to attend the school. While a school leader may recommend an expulsion, the authority to impose an expulsion rests with the governing board and the governing board decision is final. A recommendation for expulsion may be made before, after, or in conjunction with a long-term suspension hearing, if one is to be held. There is no appeal of an expulsion decision.

The following procedures will be followed for all expulsions:

1. The parent will receive notice, written or verbal, of the reason for the recommendation and the evidence the school authorities have of the alleged misconduct.
2. The expulsion hearing should be scheduled so that it may be resolved, if reasonably possible, during the period of any suspension.
3. A formal notice of hearing will be mailed by certified mail with return receipt requested or delivered by hand (with an adult witness present) to the parent/guardian at least five (5) working days prior to the expulsion hearing. A copy of this letter will remain on file, and the letter will contain the following information:
 - a. The violation(s) of student code of conduct and the rule(s) violated.
 - b. The extent of the disciplinary action to be considered.
 - c. The date, time, and place of the formal hearing.
 - d. A designation of the School's witnesses.
 - e. That the student may present witnesses.
 - f. That the student may be represented by counsel, at his/her own expense.
 - g. The name of the hearing officer or that the governing board will serve as the hearing officer.
 - h. Copies of this policy and A.R.S. § 15-840 and 15-843

6. A formal expulsion hearing will be held, including the following minimum requirements:
 - a. The student will be informed of the misconduct and the rules or regulations that he/she is alleged to have violated.
 - b. The student and/or parent(s)/guardian(s) may testify and introduce evidence.
 - c. The student may be represented by counsel.
 - d. The student may present witnesses and introduce documentary evidence.
 - e. The student or his/her counsel may cross-examine witnesses presented by the administration.
 - f. The administration may cross-examine the student's witnesses and introduce documentary evidence.
 - g. The hearing officer may ask questions of the witnesses.
 - h. The administration will bear the burden of proof for the offenses alleged.
 - i. The hearing will be recorded either on tape or other appropriate manner. The student may tape-record the meeting at his/her own expense.
 - j. The student shall be allowed to remain in school pending the outcome of the hearing, unless the student's presence in school constitutes a danger to the student or others or unless a suspension has been imposed and is in effect.
7. The hearing may be rescheduled: (1) upon request of the parent(s)/guardian(s) or the administration, if good cause is shown; (2) upon written agreement of the parties; or (3) as deemed necessary by the governing board.

Decision

Upon conclusion of a hearing on expulsion conducted by the Governing Board, the decision of the Board is final.

Upon conclusion of a hearing conducted by a hearing officer, if a recommendation for expulsion is made, the recommendation may be appealed to the Board at the time the Board considers the recommendation. A formal letter to the responsible parent or guardian will be mailed, within five (5) working days of receipt of the hearing officer's recommendation, by certified mail with return receipt requested or delivered by hand (with an adult witness present) indicating the recommendation that will be made to the Board. A copy of this letter will remain on file, and the letter should explain:

- The time and place of the Board meeting at which the recommendation will be made.
- That the recommendation may be appealed at the time the recommendation is made to the Board.
- That the appeal shall be in writing and delivered to the Superintendent 48 hours prior to the time of the Board meeting.
- That the written appeal shall indicate a spokesperson on behalf of the student.
- That only the spokesperson will be given time to speak to the Board on appeal.
- The Board may accept the hearing officer's recommendation or reject the recommendation and impose a different disciplinary action including assignment to an alternative educational program. The Board may grant a new hearing, take the matter under advisement, or take any further action deemed necessary.

If the Board decides to expel the student, the expulsion shall become effective the day after the Board's decision. The decision of the Board is final.

Discipline of Students under ADA §504 and/or IDEA 2004

The long term suspension or expulsion of students with disabilities shall be in accordance with the Individuals with Disabilities Education Act (IDEA) and federal regulations issued pursuant to the IDEA, as well as the Americans with Disabilities Act or Section 504 of the Rehabilitation Act of 1973.

Student Rights

Students shall have the right to receive annually, at the opening of school, a publication listing the rules and regulations to which they are expected to comply. Student behavior expectations shall be clearly defined, reasonable and relevant to the educational process.

Although an attempt has been made to include all rules and expectations, this handbook should be viewed as a guide since it would be impossible to list all situations.

CHILD ABUSE REPORTING

Per state law, school employees must report reasonably suspected cases of child abuse, neglect, non-accidental injury, or sexual offenses against children to the Department of Child Safety (DCS) and/or local law enforcement agencies. (A.R.S. §13-3620)

USE OF RESTRAINT AND SECLUSION

Restraint

The term "restraint" means any method or device that immobilizes or reduces the ability of a student to move the student's torso, arms, legs or head freely, including physical force or mechanical devices.

The term "restraint" does not include any of the following:

- Methods or devices (e.g. a weighted vest) implemented by trained school personnel or used by a student for the specific and approved therapeutic or safety purposes for which the method or device is designed and, if applicable, prescribed.
- The temporary touching or holding of the hand, wrist, arm, shoulder or back for the purpose of inducing a student to comply with a reasonable request or to go to a safe location.
- The brief holding of a student by one adult for the purpose of calming or comforting the student.
- Physical force used to take a weapon away from a student or to separate and remove a student from another person when the student is engaged in a physical assault on another person.

Seclusion

The term "seclusion" means the involuntary confinement of a student alone in a room from which egress is prevented (i.e. the student is prevented from leaving the room).

The term "seclusion" does not include the use of a voluntary behavior management technique, as part of a student's education plan, individual safety plan, behavioral plan or the use of an individualized education program that involves the student's separation from a larger group for purposes of calming.

Persons Authorized to Use Restraint or Seclusion Techniques

Restraint or seclusion techniques must be used only by school personnel who are trained in the safe and effective use of restraint and seclusion techniques, unless an emergency situation does not allow sufficient time to summon trained personnel.

Use of Restraint and/or Seclusion

Restraint and/or seclusion shall not be used as punishment for misconduct. Restraint or seclusion techniques may only be used on a student if both of the following apply:

1. The student's behavior presents an imminent danger of bodily harm to the student or others; and
2. Less restrictive interventions appear insufficient to mitigate the imminent danger of bodily harm.

If a restraint or seclusion technique is used on a student:

- School personnel must maintain continuous visual observation and monitoring of the student while the restraint or seclusion technique is in use.
- The restraint or seclusion technique ends when the student's behavior no longer presents an imminent danger to the student or others.
- The restraint technique employed must not impede the student's ability to breathe.
- The restraint technique must not be out of proportion to the student's age or physical condition.

Reporting and Documentation Requirements

School personnel must follow the reporting and documentation requirements set forth below when a restraint or seclusion technique has been used on a student. The procedures shall include the following requirements:

- School personnel shall provide the student's parent or guardian with written or oral notice on the same day that the incident occurred, unless circumstances prevent same-day notification. If the notice is not provided on the same day of the incident, notice shall be given within twenty-four (24) hours after the incident.
- Within a reasonable time following the incident, school personnel shall provide the student's parent or guardian with written documentation that includes information about any persons, locations or activities that may have triggered the behavior, if known, and specific information about the behavior and its precursors, the type of restraint or seclusion technique used and the duration of its use.
- School personnel shall review strategies used to address a student's dangerous behavior if there has been repeated use of restraint or seclusion techniques for the student during a school year. The review must include a review of the incidents in which restraint or seclusion technique were used and an analysis of how future incidents may be avoided, including whether the student requires a functional behavioral assessment (FBA).

Law Enforcement

If school personnel summon law enforcement instead of using a restraint or seclusion technique on a student, school personnel shall comply with the reporting, documentation and review procedures established in this Policy. Notwithstanding this Policy, school resource officers are authorized to respond to situations that present the imminent danger of bodily harm according to protocols established by their law enforcement agency.

School Safety or Crisis Intervention Plans

The school leader is authorized to establish policies and procedures for the use of restraint or seclusion techniques in a school safety or crisis intervention plan.

NOTICE OF NON-DISCRIMINATION

South Ridge High School does not discriminate on the basis of race, color, national origin, sex, disability, or age in its programs and activities and provides equal access to the Boy Scouts and other designated youth groups. South Ridge High School also does not discriminate in its hiring or employment practices. The lack of English skills shall not be a barrier to admission or participation in the school's activities and programs.

Questions, complaints, or requests for additional information regarding these laws may be directed to the appropriate compliance officer designated by South Ridge High School.

GRIEVANCE PROCEDURE

This grievance procedure applies to complaints or grievances under ADA or Section 504.

Any person who believes she or he has been subjected to discrimination on the basis of race, color, national origin, sex, disability or age by a student, staff member, or third party may file a grievance under this procedure.

Students or parents may also present a complaint or grievance regarding the following:

- Discrimination on the basis of disability under ADA or Section 504
- Violation of a student's constitutional rights
- Harassment of the student by another person
- Intimidation by another student
- Bullying by another student (see definition of Bullying)
- Concern for the student's personal safety

South Ridge High School prohibits retaliation against anyone who files a grievance or cooperates in the investigation of a grievance.

Procedure

- Grievances should be submitted to the Compliance Officer within 60 days of the date the person filing the grievance becomes aware of the alleged discriminatory action.
- A complaint should be in writing, containing the name and address of the person filing it. The complaint must state the problem or action alleged to be discriminatory and the remedy or relief sought.

If the Complainant is unable to put the complaint in writing, South Ridge High School shall provide reasonable accommodations to assist the Complainant with submission of his/her complaint. Although we encourage individuals to submit complaints in writing, South Ridge High School will nonetheless provide prompt and equitable response when it becomes aware of possible discrimination.

- The Compliance Officer (or her/his designee) shall conduct an investigation of the complaint. This investigation may be informal, but it must be thorough, affording all interested persons an opportunity to submit evidence relevant to the complaint, including the opportunity to present witnesses. The Compliance Officer (or her/his designee) will maintain the files and records of South Ridge High School relating to such grievances.
- The Compliance Officer (or her/his designee) will complete the investigation and issue a written decision on the grievance no later than 30 days after its filing, unless extenuating circumstances require an extension of the 30 day timeline. In such a case, the Compliance Officer (or her/his designee) will communicate with the Complainant concerning the need for an extension.
- The person filing the grievance may appeal the decision of the Compliance Officer (or her/his designee) by writing to the Governing Board within 15 days of receiving the Compliance Officer's decision. The Governing Board shall issue a written decision in response to the appeal no later than 30 days after its filing.
- If it is determined that discrimination occurred, South Ridge High School shall take the appropriate steps to prevent the recurrence of discrimination and correct the discriminatory effects on the complainant and others.
- South Ridge High School shall maintain confidentiality as required by the Family Educational Rights and Privacy Act (FERPA).

The availability and use of this grievance procedure does not prevent a person from filing a complaint of discrimination on the basis of race, color, national origin, sex, disability or age with the U. S. Department of Education, Office for Civil Rights.

South Ridge High School will make appropriate arrangements to ensure that disabled persons are provided other accommodations, if needed, to participate in this grievance process. Such arrangements may include, but are not limited to, providing interpreters for the deaf, providing taped cassettes of material for the blind, providing a scribe for submission of the complaint, or assuring a barrier-free location for the proceedings. The Compliance Officer (or her/his designee) will be responsible for such arrangements. Furthermore, the inability of a student to speak English should not prevent the student from reporting a violation. Every reasonable measure to interpret a non-English speaker's concerns will be taken.

SEXUAL HARASSMENT

All members of the school community are expected to conduct themselves so as to provide an atmosphere free from sexual harassment. Any staff member violating the personal rights of another through sexual harassment is subject to discipline, including but not limited to, written reprimand, suspension without pay, reassignment or dismissal.

Students engaging in sexual harassment of a staff member and/or another student are subject to discipline under the student code of conduct. Any student seeking relief under this policy should make a timely oral or written report of the incident to any administrator or other staff member. Under this policy, sexual harassment is defined as follows: Unwelcome sexual advances, requests for sexual favors and other verbal or physical conduct of a sexual nature constituting sexual harassment when such conduct has the purpose or effect of interfering with a student's academic experience or creating an intimidating, hostile or offensive environment.

Any person who believes she or he has been subjected to sexual harassment by a student, staff member, or third party may file a grievance under the procedure discussed above.

South Ridge High School is proud to be managed by The Leona Group. The Leona Group is a private company that owns and manages schools throughout Arizona. The Leona Group was developed and is run by educators and business people with decades of experience in both fields and a commitment to all children. The group believes more opportunities should be available to parents and children. By allowing parents choices, more students will have access to a high quality education.

The Leona Group (TLG) was formed in 1996 in Michigan by Dr. William Coats, a nationally-recognized leader in education reform. Foundational to The Leona Group is the philosophy that every child can and will learn, regardless of ethnicity, economic or educational disadvantage. These founding beliefs drive TLG's commitment to excellence in elementary, middle and high school classrooms across the country.

Foundational to The Leona Group is our philosophy about students: that every child can and will learn, regardless of ethnicity, economic or educational disadvantage.

Our philosophy about schools is that every family deserves quality choice in free public education. Leona provides options that are safe, nurturing and responsive to individual student needs. Each school curriculum is centered on the child and presented in a way that helps students thrive and succeed. Our buildings are clean and safe; our classrooms are inviting and friendly.

Our philosophy about parents is that families play an important role in student success. Leona Group schools encourage family participation in many ways, and work to establish close and meaningful connections with parents/guardians. Parents are warmly welcomed in our schools and we are always looking for new ways to include parents in the school community, decision making and culture.

Our philosophy about teachers is that to have life changing schools, you must have world-class teachers. Do you remember a very special teacher who impacted your life in a significant and positive way? We try hard to hire that teacher - every time. Of course our teachers must meet the same state and federal requirements to teach - but more, they are are deeply committed to The Leona Group's mission and united by a love for children and their profession.

Our philosophy about communities is that Leona Group schools must strive not only to be a part of the community - but also to become pillars of support to their neighbors by being an invaluable resource and working to provide for their needs.
